

**1st CROATIAN CONGRESS OF AIRWAY MANAGEMENT WITH
INTERNATIONAL PARTICIPATION**

October 11-12, 2012

Multimedia centre, University Hospital Centre "Sestre milosrdnice", Zagreb, Croatia

ORGANIZATOR:

**HRVTSKI LIJEČNIČKI ZBOR
HRVATSKO DRUŠTVO ZA ZBRINJAVANJE OTEŽANOG DIŠNOG PUTA
Croatian Medical Association-Croatian Difficult Airway Society**

PRELIMINARY PROGRAMME

Thursday 11th October 2012

08:00-09:00 Registration

09:00-09:15 Opening

Invited lectures

I

Chairmen: Branka Maldini, Croatia; Flavia Petrini, Italy

09:15-09:45 Dužanka Janjević, Serbia

Identification of difficult and failed airway

09:45-10:15 Muhammad Nasir, United Kingdom

I-gel and I-gel O2

10:15-10:45 Kamil Toker, Turkey

Difficult airway management algorithms: from past to future

10:45-11:15 Iljaz Hodžević, United Kingdom

Airway management disasters, lessons from UK

11:15-11:30 *Coffee break*

II

Chairmen: Iljaz Hodžlović, United Kingdom, Rudrig Noppens, Germany, Marinko Vučić, Croatia

11:30-12:00 Flavia Petrini, Italy

Airway management safety in critical care

12:30-13:00 Ismet Suljević, Bosnia and Herzegovina

Complications of airway management in intensive care medicine

13:00-13:30 Alen Mustić, Croatia

The role of ultrasound on the airway management of critically ill patients

13:30-14:00 Rudrig Noppens, Germany

Airway management in intensive care medicine

14:00-15:00 *Lunch break*

III

Chairmen: Tatjana Goranović, Croatia; Kamil Toker, Turkey

15:00-15:30 Vesna Novak-Janković, Slovenia

Management of the difficult airway

15:30-16:00 Massimo Micaglio, Italy

Supraglottic airway devices: an alternative for difficult airway

16:00-16:30 Tomislav Baudoin, Croatia

Foreign bodies in tracheobronchial tree: what we have to know?

16:30-16:45 *Coffee break*

16:45-17:15 Biljana Shigorska, Macedonia

New techniques and devices in difficult airway

17:15-17:45 Dušanka Janjević, Serbia

Clinical use of HFJV (high frequency jet ventilation)

19:00-21:00 *Congress dinner in “ Gradska kavana ”*

21:00-22:30 *Zagreb night sightseeing*

22:30-23:30 *Coctail in “Gradska kavanaö*

Friday 12th October 2012

Invited lectures

I

Chairmen: Slobodanka Kelauva, Croatia; Ismet Suljevi , Bosnia and Herzegovina; Nenad Karanovi , Croatia

09:00-09:30 Slobodanka Kelauva, Croatia

ICT povezivanje Zavoda za hitnu medicinu grada Zagreba s hitnim bolni kim prijemom/ ICT link of Zagreb Emergency Medicine Centre with emergency hospital units

09:30-10:00 Antonija Baranovi , Croatia

Posebnosti zbrinjavanja di-nog puta u izvanbolni kim uvjetima/ Out- hospital airway management

10:00-10:30 Zdenko Novotny, Croatia

U estalost oteflane intubacije- pilot studija/ Incidence of difficult intubation- a pilot study

10:30-10:45 *Coffee break*

II

Chairmen: Branka Maldini, Croatia; Vesna Novak- Jankovi , Slovenia

10:45-11:05 Branka Maldini, Croatia

Zbrinjavanje otefanog di-nog puta u KBC "Sestre milosrdnice"/ Difficult
airway management in Clinical Hospital Centre "Sisters of Charity"

11:05-11:25 Nenad Karanovi , Croatia

Postupak otefanog uspostavljanja i odrflavanja di-nog puta u KBC Split/
Difficult airway management in University Hospital Centre Split

11:25-11:45 Tatjana Goranovi , Croatia

Strate-ki pristup ekstubaciji/Strategic approach to extubation

11:45-12:00 *Coffee break*

12:00-13:30 WORKSHOP "Canø ventilate, canø intubate"

Chairmen: Du-anka Janjevi , Serbia ; Ines Lojna Funtak, Croatia

A) ManuJet ventilation: anatomy and indications (Du-anka Janjevi , Serbia)

B) Practical demonstration of cricothyroidotomy (Ines Lojna Funtak, Croatia)

13:30-15:00 *Lunch break*

Oral presentations

Chairmen: Du-anka Janjevi , Serbia; Zdenko Novotny, Croatia; Dubravka Bartolek
Hamp, Croatia

15:00-15:10 Vilka Bekavac Mi-ak, Andrea Per-in Berakovi , Ivana Vuku-i , Jana Kogler,
Leo Paflanin, Slavica Orehovec Oflegovi , Croatia

Poslijeintubacijske ozljede traheje- prikaz slu aja i pregled iz literature/

Postintubation tracheal injuries ó case series and literature review

15:10-15:20 Dubravka Bartolek, Croatia; Annette Frick, Germany

Velika multinodularna struma s opstrukcijom traheje: indikacija za fiberoptičku intubaciju/ Huge multinodular goitre with mid trachea obstruction: indication for fiberoptic intubation

15:20-15:30 Aleksandra Gvozdenović, Croatia

Zbrinjavanje dišnog puta kod politraumatiziranog bolesnika s teškim s osteogenezom imperfekta i multiplim kongenitalnim deformitetima kralježnice i prsnog košara i teškom kifoskoliozom: prikaz slučaja/ Difficult airway management of a polytraumatized patient with osteogenesis imperfecta and multiple congenital spinal and thoracic deformities and severe kyphoscoliosis: a case report

15:30-15:40 Mojca Drnovšek Glogokar, Vesna Novak-Janković, Slovenia

Otežani dišni put i ventilacija jednog pluća/Difficult airway and one lung ventilation

15:40-15:50 Zdenko Novotny, Croatia

Otežani dišni put kod uznapredovale Behterevljeve bolesti: prikaz slučaja/Difficult airway in advanced Bechterew's disease: case report

15:50-16:00 Ljiljana Terežanić, Burim Muhaxhiri, Croatia

Hitni anesteziološki pristup osteogenezi imperfekta tip III/Emergency anesthesiological approach to osteogenesis imperfecta type III

16:00-16:10 Bašević S, Granov S, Suljević I, Kučkalić F., Bosnia and Herzegovina

Otežana intubacija u bolesnika s karcinomom ždrijela/Troublesome intubation with patients suffering from pharynx cancer

16:10-16:20 Grizelj Stojčić E, Neseček Adam V, Mršinić V, Smiljanić A, Matolić M, Tonković D., Croatia

Usporedba Airtraqa i standardnog Macintosh laringoskopa kod trahealne intubacije u patološko pretilih bolesnika/ Comparison of Airtraq and standard laryngoscope in morbidly obese patients

16:20-16:30 Renata Letica- Brnadi , Croatia

Zbrinjavanje otežanog dišnog puta s Bonfils fiberoskopom u hitnom stanju: akutni abdomen s ileusom/ Difficult airway management with Bonfils fiberoscope in case of emergency: acute abdomen with ileus

16:30-17:00 Closing
